Fact Sheet

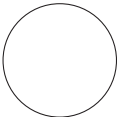

Verso Shelf

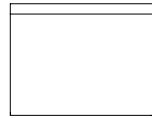

Design by Mikko Halonen

For those who are always on the move, the time-poor or space-impooverished, or anyone in need of shelving urgently and with minimal fuss, the Verso Shelf is your friend. Intended to simply lean against a wall, the ladder-like Verso Shelf arrives in just two parts and can be assembled in a matter of minutes. Designed by Mikko Halonen to be especially versatile, it can display books, arrange magazines, tidy clothes, and much more. This especially mobile shelf can be repositioned and repurposed over and over. The Verso Magazine Stand fits neatly onto the Verso shelf and adds even more function, providing a platform on which users can keep books, display art and cherished belongings, or simply keep a toothbrush or keys handy.
